

family, resident, and staff update

April 21, 2022

COVID

Dear Villa Marie families, residents, and staff,

We learned today, April 21, 2022, one resident on SL4 Floor 2 has tested positive for COVID. One staff member has also tested positive on LTC Floor 1.

As precautionary measures, the whole building is in outbreak status:

- All visitors must be masked at all times – no eating or drinking while in the building
- No group activities where people cannot be social distanced
- Prevalence testing will be conducted on staff and residents in the upcoming days

We are doing all we can to contain the outbreak, working closely with our zone's Medical Officer of Health and Alberta Health Services. We are monitoring residents very closely.

As with previous outbreaks, the outbreak status will be updated at covenantcare.ca by 6 pm every Thursday. Please direct questions to me at 403-406-5700 or email admin@covenantcare.ca.

Thank you for your continued support, we will update you with any new information and continue to be diligent with precautions, please do not visit the site if you are unwell, even a headache that is not normal could be an indication.
