

family, resident, and staff update

April 25, 2022

COVID 19 Outbreak

Dear St. Teresa Place families, residents, and staff,

We learned on April 25, 2022 that three residents have tested positive for COVID 19. There are two cases on Grace East and one case on Joy West. As of this communication, all the residents in the affected areas are doing well and without serious symptoms.

As precautionary measures, we have:

- Put all the affected residents are on isolation in their rooms with tray service.
- Conducted prevalent testing on the affected neighborhood based on instructions from the Medical Officer of Health (MOH) and Communicable disease.
- Requested that all staff and visitors continuously wear a mask and eye covering in all areas of the home, including the residents' rooms.

Recreation activities will continue on the neighborhoods and we shall review once we receive the results of prevalent testing.

We are doing all we can to contain the outbreak, working closely with our zone's Medical Officer of Health and Alberta Health Services. We are monitoring residents very closely and diligently.

As with previous outbreaks, the outbreak status will be updated at covenantcare.ca by 6 pm every Thursday. Please direct questions to me at 587-619-7116 or email admin@covenantcare.ca.

We thank you for your support, patience and understanding during this period. We will continue to update you as the situation evolves and as we receive further instructions from our zone Medical Officer of Health.

Please, stay healthy and safe.
