Manor

## **COVID-19 OUTBREAK NOTIFICATION**

October 30, 2022

Dear Families,

Holy Cross Manor has been declared in a Covid-19 outbreak as of noon today, Oct. 30, 2022. The outbreak is contained and limited to Wellness 2, where we have 2 residents who tested positive for Covid-19.

We are taking our directions from the Centre for Communicable Diseases (CDC) and managing this outbreak as such. The residents who have tested positive are isolated and our team is following contact and isolation precautions as required.

All residents on the Wellness 2 neighborhood as well as in the entire building are being monitored for symptoms and screening is completed on all residents daily.

There are certain activities that we will not be able to have the residents on Wellness 2 participate in as per directions from the CDC such as hymn sing, church services, saloon services and outings until the outbreak is declared over.

As families we highly encourage you to consider the risks before visiting your loved ones and please do not come to visit if you are having any symptoms.

We thank you for your patience as we all work together to navigate this time. Please if you have any questions do not hesitate to reach out to us.

Sincerely,

Barbara Asenso  
Resident Care Manager
