

family update

June 4, 2020

Dear families,

We are following up on our previous two updates on May 30, 2020 and June 1, 2020 regarding the confirmed COVID-19 outbreak at St Marguerite Manor. As you know, a staff member tested positive for COVID-19.

We are pleased to report that we have received 38 results back for residents and they are all negative. There are three resident test results we have yet to receive. In addition, thirteen staff results show a negative diagnosis. We are awaiting results for 27 more staff. Residents and staff who the affected staff was in contact with continue to be in isolation as a precautionary measure. We continue to adhere to all enhanced protocols to keep residents and staff safe and healthy. We are monitoring everyone very, very closely.

At this time, we remain unable to offer outdoor visits. Outdoor visits will not be reinstated *at least* until the fourteen days of isolation has passed and our site is declared COVID-free. We ask for your continued patience and understanding. Virtual visits continue to be available.

We will be in touch again as we receive new information. Please direct questions to your Site Administrator at 587-230-5663 or email admin@covenantcare.ca.

The most current public health information on the pandemic is available at ahs.ca/COVID. Please see www.covenantcare.ca for updates on St Marguerite Manor.

Please stay healthy and well,

Derrick Bernardo
President
