

resident, family and staff update

October 28, 2020

VILLA MARIE COVID-19 OUTBREAK UPDATE

Dear residents, families, and staff,

We have received several resident and staff COVID-19 test results back and they are negative.

We continue to monitor all residents very, very closely. We are in contact with the affected staff member to support their recovery.

The Chief Medical Officer of Health continually reminds Albertans that COVID-19 is a virus that is highly contagious and spreads easily. She often talks about two important ways we must contend with the virus: adhering to all public health protocols and being kind to each other. We are all susceptible to becoming ill. It is kindness that will help us, as a community and society, get to the other side of this pandemic.

We will be in touch regularly to keep you informed, including when the pending test results are received. We ask residents and families to please continue with virtual visits

Please direct questions to your Resident Care Manager at (587) 341-4221 or email admin@covenantcare.ca. For the most recent information on the pandemic please see ahs.ca/COVID and the covenantcare.ca website for updated COVID-19 information on Villa Marie. Thank you for your support and understanding.

Please stay healthy and well,

Derrick Bernardo
President

JoAnn Molloy
Vice-President, Resident Experience
