COVID-19 OUTBREAK ALL CLEAR

Dear residents, staff, and families,

We are pleased to let you know that we have been cleared of outbreak status at St Teresa Place. We are once again in outbreak prevention mode. The outbreak was contained.

The outbreak was contained thanks to the expertise and confidence of our team, the continued resilience and understanding of residents, and the support and patience of families. We worked closely with the Alberta Health Services, the Medical Officer of Health's office, Communicable Diseases and Infection Prevention and Control to ensure all protocols were followed to create a safe and healthy environment for everyone.

We are thankful that the number of positive cases in the province is steadily decreasing. Please be sure to continue to follow all public health directives for keeping close contact to only those who live in your household, wearing a mask, physical distancing, and washing your hands frequently and properly.

Spending time outdoors is certainly inviting with gorgeous cherry and apple blossoms and the scent of growth in the air. Do take time to enjoy!

As always, should you have any questions, please contact your Site Administrator by phone at 587-230-5900 or email admin@covenantcare.ca.
