

Resident & Family Update

July 16, 2021

Dear Families, Residents, and Staff,

As of today, July 16, 2021, Saint Thomas Health Centre/le Centre de Santé Saint-Thomas is on outbreak, as declared by the MOH (Medical Officer of Health). There is one (1) staff member working in supportive living who last worked on July 14th who is isolating at home but tested positive for Covid today. There have been no further cases in supportive living or in the independent living area as of today.

Covid swab testing is underway at this time and through the weekend. Due to the high percentage (over 95%) of residents with Covid vaccinations, visitations are allowed and remain open for residents and families noting that visitors need to wear masks and frequent hand hygiene. Visitor screening and temperature checks at the front entry are required.

The most recent public health information on COVID-19 is available at ahs.ca/COVID or on our Covenant Care website at <https://covenantcare.ca/covid19-update/>.

Kindest regards,

Leanne Gugenheimer
