

# family, resident, and staff update

August 12, 2021

## COVID-19 OUTBREAK NOTICE

Dear residents, staff, and families,

We learned today that a staff member at St. Teresa Place has tested positive for COVID. No one else—residents or staff—are displaying any symptoms of the virus. We are monitoring everyone very closely and are grateful that the majority of residents at St. Teresa Place have received both doses of the vaccine.

We have been in contact Alberta Health Services, the Medical Officer of Health's office, and Communicable Diseases. Based on those conversations, we will be posting a notice on the door and on the dining tables indicating that we are on outbreak. No further measures are required at this time.

We will post any changes in outbreak status by 6 pm on weekdays at [covenantcare.ca](https://covenantcare.ca). Please remember that you can sign up to receive text alerts for changes in outbreak status. Sign up to receive text alerts by clicking on the links below:
