

family, resident, and staff update

October 21, 2021

COVID-19 OUTBREAK ALL CLEAR

Dear residents, staff, and families,

We are pleased to let you know that we have been cleared of outbreak status at St Teresa Place. The outbreak was contained and we are once again in outbreak prevention mode.

Thank you to our team for your expertise and confidence of our team, to residents for your humour and resilience, and families for your encouragement and patience.

We worked closely with the Alberta Health Services, the Medical Officer of Health's office, Communicable Diseases and Infection Prevention and Control to ensure all protocols were followed to create a safe and healthy environment for everyone.

At the news conference today, the Chief Medical Officer of Health noted that while the number of positive cases are beginning to decrease in the province, this trend can easily reverse if we are not all very careful in adhering to all public health protocols. She also provided tips for a safe Halloween; they are available at [alberta.ca](https://www.alberta.ca). Please do all you can to be healthy and safe.

As always, should you have any questions, concerns or commendations, please contact Emile Enongene, Site Administrator, by phone at 587-619-7116 or email admin@covenantcare.ca.
