St Marguerite Manor – Supportive Living OUTBREAK ALL CLEAR

Dear residents, families, and staff,

We are pleased to let you know that we have been cleared of outbreak status at St Marguerite Manor, Supportive Living. We are once again free of COVID. The outbreak was, thankfully, contained and no residents were impacted. We continue to follow all protocols to minimize risk of transmission.

Thank you to residents for your support and good humour, to staff for your calm dispositions and compassionate care, and to families for their patience and understanding.

The number of positive COVID cases in the province is growing. Over 20,000 people currently have COVID. This is a significant and worrisome number. Vaccines have been proven to be the most substantive way to prevent severe outcomes from the virus. Please be sure you are fully vaccinated, with both doses. If you are not yet vaccinated or partially vaccinated, you can call 811 to book an appointment. Please do everything you can to stay healthy and to ensure your families, colleagues, and community is safe.

Should you have any questions about your loved one at St Marguerite Manor, please direct questions to your Site Administrator at 403-975-8408 or email admin@covenantcare.ca.
