

resident, family, and staff update

November 1, 2021

OUTBREAK ALL CLEAR

Dear families, residents, and staff,

We are pleased to let you know that Dulcina Hospice has been cleared of outbreak status by the Medical Officer of Health. We are once again in outbreak prevention mode. The outbreak was contained. We continue to monitor everyone regularly and closely.

Our thanks to the Dulcina Hospice team for your calm confidence, to residents for your good humour and understanding, and to families for your patience and support.

We are glad that the number of active COVID cases is stabilizing in the province. Please continue to take every precaution you can to be safe and healthy—together, we can ensure the numbers keep decreasing.
