COVID Outbreak

Dear Residents, Staff, and Families,

We are sorry to report that we have a confirmed outbreak of COVID-19 at Chateau Vitaline. Two residents have currently tested positive and have been on isolation since their symptoms have started.

Public health has provided us with very thorough guidance. As a precautionary measure given the contagious nature of the Omicron variant, a COVID swab is being arranged for all residents and staff.

The following measures are being implemented following the guidance of the Medical Officer of Health:

1. Symptomatic residents will be isolated until negative results are received and the resident is symptom free.
2. Meals will continue in the dining room for non-symptomatic residents, meal trays will be served to residents who are isolating.
3. Programs/Activities will continue for non-symptomatic residents.
4. Restricted visitation for Positive residents – pending site decision – visitors must be fully vaccinated and maintain full PPE
5. Preventative PCR swabbing for all staff and residents will be initiated under MOH guidance.

Staff at Chateau Vitaline continue to diligently monitor all residents for their continued health and safety at this time. If you have any questions or concerns, please contact the Resident Care Manager, Azmina by calling the main line at 780-929-9000. An email can be sent to admin@covenantcare.ca as an alternative.

Please stay healthy and safe.

Virginia Roth, Interim Resident Experience Director, Virginia.Roth@covenantcare.ca

Michelle Charlesworth, Resident Experience Director, Michelle.Charlesworth@covenantcare.ca
