

# family, resident, and staff update

June 8, 2022

## COVID

Dear Villa Marie families, residents, and staff,

**We learned today, June 8, 2022 4 residents on SL4 floor 1 have tested positive for COVID. 3 staff members have also tested positive on SL4 floor 1.**

As precautionary measures, we have:

- Only the first 2 designated visitors on the list are able to visit on SL4 floor 1 at this time, the rest of the building is still open for visitation. If it changes we will follow up with an additional email. The 2 designated visitors cannot change at this time.
- Halting group activities in that unit only – however we will continue 1:1's with the residents on the affected unit
- Any residents leaving SL4 floor1 will need to be masked in common areas and will only be unmasked when eating when socially distanced

We are doing all we can to contain the outbreak, working closely with our zone's Medical Officer of Health and Alberta Health Services. We are monitoring residents very closely.

As with previous outbreaks, the outbreak status will be updated at [covenantcare.ca](https://covenantcare.ca) by 6 pm every Thursday. Please direct questions to me at 403-406-5700 or email [admin@covenantcare.ca](mailto:admin@covenantcare.ca).

Thank you for your continued support, we will update you with any new information and continue to be diligent with precautions, please do not visit the site if you are unwell, even a headache that is not normal could be an indication.
