

family, resident, and staff update

August 18, 2022

COVID

Dear Villa Marie families, residents, and staff,

We learned on Wednesday August 18th, 2022 that we are now officially on outbreak. We have 2 residents on SL4 floor 1 have tested positive for COVID. 4 staff member have also tested positive in SL4 floor 1.

As precautionary measures, we have:

- Halted group activities in that unit only – however we will continue 1:1's with the residents on the affected unit
- Any residents leaving SL4 floor 1 will need to be masked in common areas and will only be unmasked when eating when socially distanced

We are doing all we can to contain the outbreak, working closely with our zone's Medical Officer of Health and Alberta Health Services. We are monitoring residents very closely.

As with previous outbreaks, the outbreak status will be updated at covenantcare.ca by 6 pm every Thursday. Please direct questions to me at 403-406-5700 or email admin@covenantcare.ca.

Thank you for your continued support, we will update you with any new information and continue to be diligent with precautions, please do not visit the site if you are unwell, even a headache that is not normal could be an indication.
