

# family, resident, and staff update

October 17, 2024

## Covid Outbreak – SL2 Outbreak Ongoing

### LTC 2 New Outbreak Declared

Dear families, residents, and staff,

On October 7, we had an outbreak declared on Supportive Living 2, with two positive residents. We currently have 7 positive residents and the unit is on isolation. We have also had several staff off sick but have been able to maintain staffing. If no new cases develop, we are expecting this outbreak to be cleared on October 29, 2024.

Today, we had an outbreak declared on Long Term Care 2, with two positive residents. We will continue to monitor all residents closely. If there are no further cases, we are expecting this outbreak to be cleared on October 31, 2024.

As precautionary measures, we continue to have:

- Both units have been isolated, with staff working only that unit, as much as possible.
- All staff are wearing the Personal Protective Equipment recommended by Public Health to prevent further spread and the interdisciplinary team is closely monitoring all residents and staff. We have also provided additional reminders about performing good hand hygiene.
- Visitation has not been halted, but is discouraged from occurring with more than one person at a time. Good hand hygiene and use of masking and other protective equipment is required, dependent on the area you are in and the status of the resident. Please see staff for details when visiting your loved one.

We are doing all we can to contain the outbreak, working closely with our zone's Medical Officer of Health and Alberta Health Services. We are monitoring residents very closely.

As with previous outbreaks, the outbreak status will be updated at [covenantcare.ca](https://covenantcare.ca) by 6 pm every Thursday. Please direct questions to me at 403-406-5700 or email [admin@covenantcare.ca](mailto:admin@covenantcare.ca).

Thank you for your continued support, patience, and understanding.
