

☒ OUTBREAK ALL CLEAR

January 2, 2026

Dear St. Thomas families, residents, and staff,

We're happy to share that the **Influenza A outbreak on the 2nd Floor at St. Thomas has officially been lifted!** All four affected residents and staff have fully recovered or are significantly improved, and all restrictions have now been removed.

Thank you for your patience, understanding, and support during this time. Keeping our community healthy and safe is always our top priority.

As a reminder, if you're feeling unwell, please postpone your visit—we appreciate your care for our residents and staff.
