Resident, Family, and Staff Update

May 25, 2026

Dear St. Teresa Place Residents, Families, and Staff,

We are writing to provide you with **an update** regarding the outbreak in our community. As of May 25th, there are 3 residents in Grace West who have tested positive for Rhino/Enterovirus pathogen. The Public Health Authority continues to recognize St. Teresa Place- Grace West as being under a confirmed Rhino/Enterovirus pathogen outbreak.

At this time, the tentative outbreak lift date is May 27th pending no new cases and approval from the Public Health Authority. We will continue to keep you informed of any changes, including confirmation of the outbreak being lifted.

Thank you for your continued understanding, patience, and cooperation as we work to protect the health and safety of our residents, families, and staff.

Sincerely,

Emile Enongene
Site Administrator
